Re: Notice of File Closure for Small Mining Activities, Sandfill Corporation, Big Indian Jr. S/037/053, San Juan County, Utah

Dear Mr. Rockwell:

This letter is to notify you that file #S/037/053, for the Big Indian Jr. project, located in Section 34, T29S, R24E, San Juan County, Utah, will be retired from our files.

In past reports, you have stated you removed approximately 110 tons of material from this area in 1991, which was in turn shipped to Arizona for processing. No further work was done in this area and the lease was allowed to lapse.

Because this material was removed from an area which was previously impacted by mining and the removal did not create a new disturbance, we feel we can close this file at this time. If you wish to restart any mining in this area, you will have to submit a new notice to the appropriate agency, pay the Division permit fees, and receive written approval prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5382. Thank you for your time and consideration in completing the required reclamation on this project.

Sincerely,

Doug Jensen  
Reclamation Specialist
